Hiring Manager

IT Corp.

Manila

Dear Hiring Manager,

I am writing to express my interest in the **Junior Programmer at Tech Solutions Inc.** role at **IT Company**. I am a third-year Bachelor of Science in Information Technology student at Filamer Christian University, passionate about web development, cybersecurity, and modern IT solutions. I am eager to apply my skills in a professional environment and contribute to innovative projects within your organization.

Through my academic work and personal projects, I have gained hands-on experience with HTML, CSS, JavaScript, and core IT concepts such as networking, system administration, and database management. I have also been actively learning about generative AI, online learning technologies, and modern AI tools, as reflected in my recent certifications. These experiences have helped me build a strong foundation in both technical and problem-solving skills.

I am particularly drawn to **IT Company** because of your focus on innovation and commitment to delivering high-quality technology solutions. I am confident that my dedication to continuous learning, attention to detail, and willingness to take on new challenges would make me a valuable addition to your team.

I would greatly appreciate the opportunity to further discuss how my skills and experiences align with your needs. I am available for an interview at your convenience and can be reached via email at **jomarnobleza011@gmail.com** or by phone at **(+63) 931 722 2221**.

Thank you for considering my application. I look forward to the possibility of contributing to **IT Company** and growing further as an IT professional under your guidance.

Sincerely,

Jomar Nobleza
